

Digger

Digger in the town, digger in the town
There's a big yellow digger in the town
Digging a hole so down, down, down deep
Digging a hole so deep

Workers on the road, workers on the road
Holding a sign says stop and go
Laying a new road down, down, down, down, down
Laying a new road down

La la la digging, working, ooh yeah making it big
La la la digging, working, ooh yeah check out their rigs

Wrecking ball swings, wrecking ball swings
Wrecking ball is heavy and strong and it swings
Knocking the buildings down, down, down, down, down
Knocking the buildings down

Roller makes it flat, roller makes it flat
Flat as a pancake and you can't get flatter than that
Squashing all the gravel down, down, down, down, down
Rolling around and around

La la la wrecking, rolling ooh yeah making it big
La la la wrecking, rolling, ooh yeah check out their rigs

Wrecking ball swings, wrecking ball swings
Wrecking ball is heavy and strong and it swings
Knocking the buildings down, down, down, down, down
Knocking the buildings down

La la la wrecking, rolling ooh yeah making it big
La la la wrecking, rolling, ooh yeah check out their rigs
