

## Doggy Scratch

Dog scratch, dog scratch, dog scratch,  
don't get a bald patch (times 2)

I saw doggy sneak inside and he jumped onto the couch  
Get down doggy, doggy get out of the house  
Ate the cat's food as quiet as a mouse  
Get out doggy, doggy get out of the house

Chorus. So he pads outside to see what he can see  
Doggy's tail between his legs goes and sits under a tree  
Now he's out in the backyard doing what he please  
Listen up you'll hear him scratching his fleas

Doggy dug a bone in the peas I beg your pardon  
Get out doggy, doggy get out of the garden  
Left a hot steamer where there should have been a plant in  
Get out doggy, doggy get out of the garden

Chorus

Doggy chewed a little then he chewed a little more  
Stop that doggy dog who let you in the door  
Spewed your brother's undies on my hat there by the floor (ok  
this line really doesn't make sense but its what I sang so, so be  
it! I meant to sing *by* my hat and *on* the floor!)  
That's sick doggy dog who let you in the door

Chorus
