

## **Fifi la Feijoa**

I've been picking feijoas  
underneath the feijoa tree,  
I can't sleep at night cos when I close my eyes  
there's a feijoa following me,  
Its not that she's a freakish fruit,  
I don't think she's got it in for me,  
but she's singing a song its going on and on  
and it's the strangest little melody,

Fi fi fi,

My name is Fifi I'm a feijoa you touched me,  
I Fifi fell down from the tree,  
ripe and ready but you didn't see me  
so I Fifi followed you all the way into a dream,

I've been packing feijoas,  
watching them roll by me,  
until the truck arrives we gotta pack for our lives  
dreaming of a cup of tea,  
its not that we have lost the plot,  
but its always turning oval and green,  
and we're humming a song,  
its going on and on  
and it's the strangest little melody.
