

The Fixing Song. by Levity Beet

Sometimes things get broken
Sometimes things get squashed
And I dropped my ice-cream
I got muck on my jeans
And I don't know how to clean it off - Oh no!
I don't know how to clean it off

Sometimes things get dropped
Sometimes you sit on top
I dropped my hat into the toilet
I'm afraid my wee will spoil it
And I don't want to fish it out – Oh no!
I don't want to fish it out

Okay I did it!
But it's not the end of the world
Maybe I'll fix it up again
And we'll get back to play!

How are we going to fix it?

With some glue
and string
with a hammer
paint spray
with an iron
and soap
a needle and thread
strong rope

Okay I did it!
But it's not the end of the world
Maybe I'll fix it up again
And we'll get back to play!
Sometimes things get fractured

Sometimes you stomp on top
I was dancing round the room
When I tripped over a broom
And my head went through the wall – Oh no!
My head went through the wall
Okay I broke it!
But it's not the end of the world
Maybe I'll fix it up again
And we'll get back to play!

Do you remember how to fix it?

With some glue
and string
with a hammer
paint spray
with an iron
and soap
a needle and thread
strong rope

Okay I broke it!
But it's not the end of the world
Maybe I'll fix it up again
we'll get back to play!
we'll get back to play again
we'll get back to play!
