

## Glove Pipes. by Levity Beet

My friend Bruce is a hungry goose  
if you ask him round to play  
he'll eat your socks and your undies off the line  
and he'll dance the night away

If theres something in your compost bin  
he'll toss it all around  
and peck the bits he likes the best  
and make an awful sound

When your dad says Bruce 'ye get ye gone!'  
and shows that goose the door  
he'll flap and prance and he'll peck dad's pants  
and he'll look around for more
