

Honkytromblastic! by Levity Beet

It's a honkytromblastic
and it's made all out of plastic!

You could make one just the same
if you took apart your drain!

Sounds a little like a goose
one whose brain is coming loose

I could play it all the day
but I'd scare friends away!

Don't leave!

Stay!

I'm not finished yet!

Don't go!

Don't go!
