

I came to play. by Levity Beet

I came to play
you came to play
we're all here today
woohoo!
lets play

I came to sing
you came to sing
we can sing anything
woohoo!
lets sing

I'm so happy that I found you here
this planet on this day
and the very best thing we can ever do
is have an open heart and play

I came to share
you came to share
smile when you hear
woohoo!
lets share!

I came to dance
you came to dance
now is our chance
woohoo!
lets dance!
