

Little Blue

I'm a little Blue (times 2)

I'm a little blue penguin

I'm a little Blue (times 2)

I'm a little flightless bird

Maybe can't fly but you should see me dive

like an arrow under water

I'm a little blue, catch a little fish, I'm a little

blue, grey bird

Why did the penguins cross the road?

They have their burrows on the other side

They're so shy; they come home late at night

Late to bed but early to rise
