

Will you be my friend?

Will you be my friend?

I could be your friend

Will you be my friend?

I could be your friend

I'm looking for someone to play outside

I'm looking for someone

who likes to play seek and hide

Oh yeah

I'm looking for someone to hold my hand

I'm looking for someone

to get out the drums and play in a band

Oh yeah

Sometimes I need some space,

sometimes I need some quiet time

But my friends let me be,

they know I'll be fine

I'll come and play with them another time

I just need some space and a little quiet time
