

Pipiwharauoa

Pipiwharauoa, Pipiwharauoa, Pipiwharauoa
where have you been?

Over the ocean far away my friend,
tropical island where the warm never ends
Flew down the Australian coast across the Tasman sea
Back to my summer home, you'll hear me sing

Pipiwharauoa, Pipiwharauoa, Pipiwharauoa
what will you do?

I'll find Riroriro's nest and lay my egg,
while she cares for my baby I'll feast on bugs
Baby is so big he needs a lot of room
Push out the warbler's eggs and grow even bigger soon

Pipiwharauoa, Pipiwharauoa, Pipiwharauoa
where are you going?

Weathers growing cooler now it's time to go,
straight over the ocean to my winter home
3000k's my flight goes on and on
There's people in the islands waiting for my song
