

The wheels on the bus they don't go round

The wheels on the bus they don't go round
The wheels on the bus they don't go round
The wheels on the bus they don't go round
Because the bus has got flat tyres

Jack it up, jack it up, squeak squeak squeak
Jack it up, jack it up, squeak squeak squeak
Jack it up, jack it up, squeak squeak squeak
We'll fix those flat old tyres

But the wheels on the bus they don't go round...
Because the bus ran out of diesel
Fill it up, fill it up slosh slosh slosh...
We'll fill it up with diesel

But the wheels on the bus they don't go round...
Because the battery has gone flat
Charge it up, charge it up, charge it up...
We'll put it on the charger

But the wheels on the bus they don't go round...
Because the driver has gone home
Home for tea, home for tea, munch munch munch...
She'll drive the bus tomorrow when the wheels go round
