

Two Frogs and a Drum Machine

Two frogs and a drum machine
free styling down by the stream
One brown and the other one green,
hip hop so naturally
Mix a beat amphibiously,
sticky tongues on the fly poetry
Never choke cos they're croaking you see,
two frogs and a drum machine

See them puffing up a vocal sack,
their rhythm is smoother than the slime on their
back, they've got a crazy decay and a hot attack,
want a beat in the bog?
They're gonna give it a crack,
lift you up like you're sitting on a jack,
setting all the neighbour froggies yakkity yak,
can't stand still like you're stepping on a tack,
freak a doggy miaow
make a kitty go quack quack quack
