

## Weka

Peck, peck, peck, strong beak  
Peck, peck, peck, pecking at my feet  
Peck, peck, peck, find something to eat  
Peck, peck, peck, does everybody know?

A weka doesn't fly,  
she's a pecker  
and she's pecking for some food  
Do you know what she eats?  
Leaves and fruit and bugs,  
and maybe she'll come pecking at your shoes  
Oh yeah!

Scratch, scratch, scratch,  
scratching in the leaves  
Scratch, scratch, scratch, tasty bit she sees  
Scratch, scratch, scratch, find something to eat  
Scratch, scratch, scratch,  
does everybody know?

A weka doesn't fly, she's a scratcher  
and she's scratching for some food  
Do you know what she eats?  
Leaves and fruit and bugs,  
and maybe she'll come scratching  
at your shoes  
Oh yeah!
